

Interview Consent Form

I Bowen Yang, agree to participate in the interview being conducted by Shakil Sharif as part of their assignment work for the Advanced Interaction Design subject at the University of Technology Sydney (UTS).

I understand that the purpose of this study is to gain insight into participants' views on their own experiences, and their practices and goals. In particular, I understand that the study would like to better understand what participants currently do and how they think digital technologies might be designed to support more meaningful experiences during commuting.

I understand that my participation in this research will involve an interview where I will be asked to reflect on and answer questions. I understand that my interview data will only be shared with the project team and their teachers.

Yes / No

I agree to have the interview audio recorded for notetaking purposes

I am aware that if I have any concerns about the interview I can contact the co-ordinator of the subject, Jeannette Durick (Faculty of Engineering and IT, UTS).

Email: jeannette.durick@uts.edu.au

I also understand that I am free to withdraw my participation at any time and without giving a reason. I will not be penalised for declining to take part in any stage of the research.
